

Material Safety Data Sheet

MycoApply® Endo Plus

Last Revision: June 13, 2007

Emergency Phone: (541) 476-3985

Product Identification

Name: MycoApply® Endo Plus

Chemical description: Beneficial endomycorrhizal propagules on an expanded clay carrier beneficial for plant growth, trichoderma and an organic fertilizer.

Hazardous components: Vitamin B1 (Thiamine) <1%
 Vitamin C (Ascorbic acid) <1%
 Vitamin E (a-tocopherol) <1%

Company: Mycorrhizal Applications, Inc. (541) 476-3985 www.mycorrhizae.com

Physical/Chemical Characteristics

Boiling point	Not applicable
Vapor pressure	Not applicable
Vapor density	Not applicable
Evaporation rate	Not applicable
Melting point	Decomposes >400° F
Specific gravity	0.8
pH	7.0 @10% dispersion in water
Solubility in water	Insoluble suspension except for some compost materials.
Appearance	Dark brown granules
Odor	Slight ammonia

Fire and Explosion Information

Flash point	Not applicable
Flammable limits	May char or smolder if exposed to fire, will not burn.
Extinguishing media	Water, CO ₂
Special Fire Fighting Procedures	No special methods required.
Special Fire and Explosion hazards	May emit corrosive fumes when charred by intense heating.

Reactivity Data

Stability	Stable at normal temperatures
Conditions to avoid	Contact with strong oxidizers
Incompatibility	Strong alkalis will release ammonia fumes

Hazardous decomposition	oxidized	Ammonia may form if product is strongly heated or
Hazardous polymerization		Will not occur

Spill or Leak Procedures

If spilled, simply sweep or vacuum up spilled product, dispose as soil. Decontamination is unnecessary. No environmental hazards.

Health Effects/First Aid Information

Inhalation: Help victim to fresh air, if breathing difficult administer oxygen. Consult physician.

Eyes: Will irritate on contact, wash out quickly to remove all particulate matter.

Ingestion: For small amounts, drink plenty of water. More than a mouthful should be purged by vomiting, but only if victim is conscious.

Skin: Wash with soap and water

Signs/symptoms of exposure: Product components are soil like in nature and are non-toxic, non allergenic, and non pathogenic to mammals. No known chronic effects.

Carcinogenicity: Ingredients not listed as carcinogenic in NTP or IARC listings. Not OSHA regulated.

Precautions for Safe Handling and Use:

Respiratory Protection: Not normally needed. If dusting occurs use approved respirator to eliminate exposure.

Ventilation: Exhaust fan recommended to control dusting.

Protective gloves/clothing: Rubber or plastic recommended if repeated or prolonged contact expected.

Eye protection: Chemical splash goggles recommended where dusting is expected. Safety glasses suffice otherwise.

Work practices: Use good housekeeping practices. Keep containers tightly closed.

Spills: Avoid creating dust when cleaning up. Scoop, shovel or sweep to labeled containers for recycling/salvage if not contaminated by other material.

Waste Disposal method: Package material for removal to approved landfill.

Precautions for storing and handling: Avoid storage in wet or moist areas.
